RESEARCH FELLOW POSITION AVAILABLE

Location
UTHSCSA Long Campus

Discipline
Biochemistry, Cell biology, Molecular Biology, Biomedical Science – particular emphasis on oxidative stress/inflammation

Position
A full-time Research Fellow position is available immediately in Dr. B. S. Kasinath’s laboratory in the Department of Medicine/Division of Nephrology.

Salary
Commensurate with experience

Dr. Kasinath’s laboratory research focuses on the mechanisms of kidney injury in obesity and aging.

Candidates must have completed their B.S. and have strong research interest, self-motivation, and the ability to work efficiently, independently, and in collaboration with other scientists. Experience in cell culture, analysis of proteins and nucleic acids and animal experiments are required.

Interested candidates should send their CV, a statement of research goals and contact information for three references to:

B.S. Kasinath M.D.
Professor, Department of Medicine/Nephrology
University of Texas Health Science Center at San Antonio
7703 Floyd Curl Drive
San Antonio TX  78229-3900
Email: KASINATH@uthscsa.edu

All research fellow appointments are designated as security sensitive positions.

The University of Texas Health Science Center at San Antonio is an Equal Employment Opportunity/Affirmative Action Employer including protected veterans and persons with disabilities.
