The Internal Medicine Program is currently accredited for a 5-year cycle by the ACGME.

- UTHSCSA received a $26 million Clinical and Translational Science Award from the National Institutes of Health/ National Center for Research Resources.
- The MARC (Medical Arts and Research Campus) opened Fall 2009. This $106 million, state-of-the-art facility provides enhanced patient care with new clinical, surgical, and research facilities.
- The CTRC (Cancer Therapy and Research Center) is one of three NCI-designated cancer centers in Texas. It will receive $5.4 million in federal funding through 2012 to sustain and grow the center’s rapidly expanding research programs.
- TARGET 2012 is our $900 million Capital Improvement Program dedicated to creating a new University Hospital tower and improved downtown clinical facilities.

Research

Clinical or basic science research is encouraged and may be conducted under the mentorship of a faculty advisor. Each spring our residents present their research or a clinical vignette at the annual South Texas American College of Physicians Associates’ meeting. Residents also present their research at the annual Department of Medicine Research Day and often present at subspecialty meetings.

Educational Programs

Fellowship Opportunities

Our fellowship programs are nationally recognized for the quality in both clinical teaching and research. Fellowships are offered in all major medical subspecialties. Our graduates have had excellent fellowship match rates into a variety of institutions across the country including:

- All University of Texas programs
- Brown University
- Harvard University
- Louisiana State University
- Mayo Clinic – Phoenix, AZ
- MD Anderson – Orlando, FL
- Tufts University
- University of Arizona
- University of California-Davis
- University of Colorado-Denver
- University of Florida
- University of Kansas
- University of Pittsburgh
- University of South Florida
- University of Washington

Key Faculty

Richard Lange, M.D., M.B.A.
Executive Vice Chairman of Medicine
Division of Cardiology

Michael Johnson, M.D.
Associate Program Director
Division of Hospital Medicine

Jane O’Rorke, M.D.
Associate Program Director
Division of General Medicine

Patricia Wathen, M.D.
Associate Program Director
Division of General Medicine

My Interview Day

- How does the program assist residents interested in applying for fellowships?
- Are there opportunities to get involved in research?
- What preparation is available to assist residents in managing the business aspects of life after training?
- Is there affordable housing near the medical center?

Please contact the chief residents at Imresidency@uthscsa.edu with any further questions regarding the program.
George Crawford, M.D.
Residency Program Director

Thank you for your interest in our Internal Medicine Residency Program. Here at San Antonio, we take pride in our teaching program and remain committed to high standards for education and clinical care. The success of our program is due in large part to our educational philosophy that recognizes and tries to meet the individual needs of each house officer. If you are looking for a friendly and supportive training environment that cares about your success, we invite you to visit us for a closer look.

For more info visit us at: http://medicine.uthscsa.edu/residency

Dr. Crawford graduated Magna Cum Laude from the University of Notre Dame and attended the Northwestern University Medical School and graduated with Alpha Omega Alpha honors. He completed his Internal Medicine residency at the Massachusetts General Hospital and an Infectious Diseases fellowship at the University of Washington. He is a Professor of Medicine in the Divisions of Infectious Diseases and General Internal Medicine and has won numerous teaching awards including Master, ACP, Fellow, IDSA and the American College of Physicians Laureate Award twice.

David Hillis, M.D.
Chairman of Medicine

L. David Hillis, M.D., a native of Tyler, TX, obtained his B.A. and M.D. degrees from Columbia University, New York, NY, then performed his internship, residency, and Chief Residency in medicine at Southwestern Medical School, Dallas. He completed fellowship training in cardiology at the Brigham & Women's Hospital, Boston, MA, then he returned to UT Southwestern, where he eventually rose to the rank of Professor & Vice Chair of Medicine. He served for 15 years as the Director of the Department's Residency Training Program. In 2008, he assumed the position of Professor & Chair, Department of Medicine, the University of Texas Health Science Center, San Antonio, and the holder of the Dan F. Parman Distinguished Chair. During his career, Dr. Hillis has received numerous teaching awards, and he has been a productive investigator, publishing more than 350 journal articles and book chapters on ischemic, valvular, and congenital heart disease. He has been elected to several honorific societies in academic medicine. For 15+ years, he has served on the Editorial Boards of the American Journal of Cardiology, Circulation, and the New England Journal of Medicine.
